

In addition to the guidelines developed by the Ohio Department of Health and the Governor of Ohio, the Piranhas Swim Team has put into place these additional guidelines:

PRACTICES

- Practice groups will be assigned to each swimmer to ensure that the team remains within the recommended number of swimmers in the pool. Daily attendance will be taken.
- There will be a maximum of two (2) swimmers per lane, with one (1) swimmer at each end of the pool. EXCEPTION: Siblings may be placed together with coach approval.
- Swimmers will enter the pool deck directly from the hallway at the block end of the pool. Swimmers must come ready for practice, meaning there will be no locker room access prior to practice. Swimmers should have the suit on prior to arrival.
- Swimmers will have assigned deck space for the belongings.
- Face coverings are required when swimmers are not in the pool.
- Social distancing is to be observed at all times.
- Swimmers should have all necessary equipment for practice, and shall not share equipment with any other swimmer. If a swimmer needs to use team equipment, that equipment will be used by only that swimmer and sanitized afterwards following facility procedures.
- No parents or spectators are permitted on the pool deck during practice.
- Swimmers will exit practice either through the locker room or directly to the hallway at the block end of the pool. All facility guidelines are in effect when utilizing the locker rooms.

SWIM MEETS

- There will be no in-person meets until at least January 1, 2021, pending a decision by the Northwest Ohio YMCA Swim League. All meets prior to this date will be virtual.
- Attendance will be limited to only parents of swimmers.
- Face coverings and social distancing requirements will be followed.
- Facility guidelines will be followed at all times.
- If a decision is made to participate in future in-person meets, additional guidelines will be added at such time.

FACILITY

- All participants are subject to all regulations set forth by the Defiance Area YMCA.
- Facility guidelines can be found at DefianceYMCA.org.

Participants, parents, family, and spectators engaging in swimming and activities related to swimming do so with the knowledge of the risk and potential exposure involved and agree to accept any and all inherent risks to their personal health.

These guidelines, along with any directives from the Ohio Department of Health and the Governor of Ohio, are in full effect at all organization sponsored events and shall be adhered to.
